Purchase & Donate

10% of your **Reno Memorial Paw Pendant** purchase will be donated, in Reno's name, to **The Living Desert**.

Reno

Born in Colorado in 1985, Reno was the oldest living Mountain Lion in captivity in North America. A wild mountain lion's natural life span is usually 12 years. **The Living Desert** has been home to Reno since 1993. Reno had a people-friendly attitude and enjoyed lounging in front of his large glass window and having his picture taken. He just enjoyed watching the visitors past by and marvel at his size and beauty.
